INTRODUCTION

The volume herewith presented constitutes R. L. Polk & Co's Directory of Richmond and Martinez for 1923. The publishers have endeavored to produce a volume combining all that is vital in the civic, social and industrial life and activity of the two communities.

A careful enumeration of the citizens and business interests of the two places and a compilation of the result by trained employees assures as correct and reliable a work of its character as is possible to be produced. The publishers have an organization solely devoted to the publication of directories, and their methods and resources are unrivalled. Their imprint on the hundreds of directories published for cities throughout the country attests the quality and reliability of their product. Directories are an essential and indispensable means of reference and an index to what is in a city or town. They portray the community as it actually is and they are the only means whereby its various features can be learned by the general public throughout the country.

The several essential departments of the Directory are set forth in the order following:

THE BUYERS' GUIDE, pages 5 to 12, contains the advertisements of the leading and progressive business men and concerns alphabetically arranged under headings adapted to the class of business conducted. This feature is printed on tinted paper.

THE RICHMOND ALPHABETICAL LIST of citizens, business men and corporations is embodied in pages 21 to 227.

THE RICHMOND STREET DIRECTORY, pages 229 to 280, gives the names and descriptions of all streets and avenues in alphabetical order and the householders and business places on each street in numerical order.

THE RICHMOND CITY DIRECTORY TELEPHONE GUIDE, pages 281 to 294, is a list of the Richmond telephone subscribers arranged numerically according to telephone numbers.

THE MARTINEZ ALPHABETICAL LIST of citizens, business men and corporations is embodied in pages 295 to 332.

THE CLASSIFIED BUSINESS DIRECTORY. This invaluable feature of the work, included in pages 333 to 375, constitutes a practical Buyers' Guide or commercial, professional and trade list. The names of all business concerns and corporations in Richmond and Martinez are arranged alphabetically under headings appropriate to the class of calling or industry pursued. The names under each heading being arranged alphabetically. "Martinez" appears after the names of all Martinez firms to distinguish them from those in Richmond.

MUNICIPAL PUBLICITY

Advertising Richmond and Martinez

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site and as an educational center. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country the publishers place copies of this issue of the Directory in Directory Libraries which are maintained in all the larger cities of the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Richmond and Martinez, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves and their friends for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

TRADE! You like

to patronize those concerns who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

THE PUBLISHERS

POLK'S

Richmond Street Directory
OF HOUSEHOLDERS
1923-24

In the following list, the named Streets, Avenues, etc., are arranged in alphabetical order, then the numbered ones in numerical order without regard to location. The number of each residence building on the street is given in numerical order, and opposite the number is printed the name of the householder or householders. To find the occupation of householder, refer to the alphabetical list of names.

Note: The territory covered by the directory of Householders includes that of Richmond Proper and that portion of Pullman where the numbering on the street is complete.

Streets and portions of streets that may have been changed are noted by a * (Star) and the proper Cross reference has been made. Reference is shown as to the former name of the street, as well as to the new name.

RICHMOND STREET GUIDE

1923-4

Including its Adjacent Districts of East Richmond, North Richmond, Point Richmond, Pullman, San Pablo, Rheem, Stege and El Cerrito (Rust).

SYSTEM OF NUMBERING

All the numbered streets that run north and south begin with number one at the line of the Santa Fe Railway (which runs east and west) and number each way north and south from this point. All streets running south from the Santa Fe tracks are to be designated with the prefix South. Those running north to be designated with no prefix; for example: Number 26 First Street, south of the Santa Fe tracks, would be designated 26 South First, and the same number North of the Santa Fe tracks would be designated as 26 First Street (not using the prefix North).

All the named streets and avenues that run East and West begin with Number 1 at First Street and number each way; East and West, from that point, for example: 26 Barrett Avenue east of First Street is designated as 26 Barrett Avenue (not using the prefix East), 26 Barrett Avenue west of First Street would be known as 26 West Barrett Avenue.

The same system is carried out at Point Richmond. The Santa Fe Railway tracks running north and south there being the dividing line for all streets crossing it. The prefix West to be used on all streets running west from this point, and no prefix to be used on streets running east from this point.

Note: The figure in ( ) denote the distance in block numbers that the street extends, the letter preceding the figures denotes the direction from the zero point; the letter preceding the (N 500) determines this street is 5 blocks north of Santa Fe tracks, which is the zero point.

MARTINEZ

Martinez is a town of about 4,000 population located on the strait of Carquinez, in Contra Costa county, 36 miles by water, northeast of San Francisco, on the Southern Pacific Railroad. The town has two banks, a daily and two weekly newspapers. It is the center of a great agricultural district, ships grain direct to Europe and fruit to the East. There is an oil refinery here, also stone quarries, ship yards and copper industries.

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising. to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

How to Make Application For Water Service

When you move into a new house—whether owned by you or rented—the first requirement necessary is Water Service.

It is no trouble to get this service. You may come to the office and personally sign for meter connection—you may write your request for water—or if in the confusion of moving, it is not convenient to write or call, a telephone message will bring one of our service men to you at any time and place desired.

It is our desire to make it easy and convenient for you to get water service. Our Order Department is instructed to comply promptly with every reasonable request.

If you are a new comer to this community and have not previously paid water bills for a year and do not own your own home, you will be asked to make a deposit of $2.50, which will be returned to you after one year with interest at 6%. If, however, you are a property owner, or have previously been prompt in paying water bills for a period of one year, no deposit will be asked.

The Water Company is anxious to serve you in every possible way, and the development of this broad policy of handling orders is part of the service to you.
